MANAGEMENT REPORT

The joint-stock company UPB and its subsidiaries together form an industrial group whose business is based on the design and construction of complex buildings and technological facilities, including consultations during the early stages of the project, design, manufacturing and installation of building structures and facades. The UPB Group consists of glazed facade, steel and prefabricated concrete production units, a cogeneration module production unit, a mechanical engineering production unit, ready-mix concrete production units throughout Latvia, engineering and construction companies in Latvia, IT solution company and a full-cycle building management company.

UPB Group ensures its operation through companies and their representative offices in seven countries – Latvia, Sweden, Norway, Denmark, Lithuania, Great Britain and Switzerland, employing in total around 2000 people.

In 2021, the consolidated turnover of UPB Group reached 238.6 million euros, showing minor growth, compared to the previous year. In its turn, the increase in the construction costs, which intensified even more in early 2022 after Russia's invasion in Ukraine, left a significant impact on the Group's financial indicators, which resulted in closing the year 2021 with loss of 4 million euros.

In the reporting year, historically the highest amount of investment was made in the development of UPB Group – 16.9 million euros, most of which were invested in the construction of a new plant of prefabricated concrete structures in Liepaja. Also, the UPB Group companies have paid more than 35 million euros in taxes in this period.

In 2021, UPB Group successfully continued operations both on the export and local market, starting and implementing multiple large projects. The proportion of implemented volumes is $65\,\%$ in export and $35\,\%$ on the Latvian market.

On the Latvian market, the work on several large-scale construction sites was commenced, the largest of which is the 1st stage of Preses Nama Kvartāls in Riga, which includes construction of a modern A class office centre and multifunctional centre. Also, construction of the Children and Youth Mental Health Centre in the territory of the Children's Clinical University Hospital, renovation of the historical building of the Literature and Music Museum, as well as other projects, were started in 2021.

At the end of 2021, a new plant of prefabricated concrete structures was opened in Liepaja, in the design and construction of which several companies of UPB holding were involved, proving the capabilities of UPB to implement complex projects in an integrated and efficient way within the group. The new plant was built with a purpose to enhance the capabilities of UPB in manufacturing of complex prefabricated concrete structures, which is our focus on foreign markets.

In terms of the export market, the year 2021 can be described with growth in the combined three-construction (concrete, steel, glass) projects. In such projects, the customer entrusts to UPB a broader volume of works, thus gaining more efficient work organisation at the construction site, faster progress of the project and other advantages. The largest among the three-construction projects were Clarion Hotel Draken in Gothenburg, Forum Medicum building for Lund University and a new science building for the University of Gothenburg.

In the reporting year, UPB also completed works on the highest building so far, for which UPB has manufactured, supplied, and installed prefabricated concrete structures – the 36-floor high-rise building CityGate in Gothenburg, Sweden. Also, the biggest project to date on the Great Britain market – the façade of Bloom Clerkenwell office building in central London – was completed. Active work was implemented on Hyllie Terrass project in Malmo, which is a candidate for the status of the first climate neutral office building (NullCO2) in Sweden.

In the period from the end of the reporting period until the signing of this report, disruptions in the international supply chains, caused by Russia-Ukraine war, and the intensified increase in the construction costs continued. Assessment of the impact of these events will be possible only in 2022. No other events have occurred, which may affect the result of the annual report.

In 2022, we forecast similar consolidated turnover; however, it is expected that the constant increase in the costs of raw materials and energy resources will impact the result.

NOTES TO THE FINANCIAL STATEMENTS

The summary financial statements comprise the balance sheet as at 31 December 2021 and the statements of profit and loss, cash flow and changes in equity for the year then ended derived from the audited financial statements of AS UPB in accordance with the Law on Annual Statements and Consolidated Annual Statements of the Republic of Latvia.

The audited financial statements of AS UPB and the Auditors' Report thereon is available at Dzintaru 17, Liepaja, Latvia.

Management believes that the content of the summary financial statements is consistent with the objective of the summary financial statements.

INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF AS UPB

REPORT ON THE SUMMARY FINANCIAL STATEMENTS

OPINION

The accompanying summary financial statements on pages 8 to 13, which comprise the summary balance sheet as at 31 December 2021 and the summary statements of profit and loss, cash flow and changes in equity for the year then ended, and related note to the summary financial statements, are derived from the audited financial statements of AS UPB for the year ended 31 December 2021.

In our opinion, the summary financial statements derived from the audited financial statements of AS UPB for the year ended 31 December 2021 are consistent, in all material respects, with the audited financial statements on the basis described in the Note to the summary financial statements.

SUMMARY FINANCIAL STATEMENTS

The summary financial statements do not contain all the disclosures required by the 'Law on the Annual Reports and Consolidated Annual Reports' of the Republic of Latvia. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of AS UPB and our report thereon.
